Thank you for your interest in Parents, Families, and Friends of Lesbians and Gays (PFLAG). PFLAG promotes the health and well-being of gay, lesbian, bisexual and transgendered people, their families and friends. Serving more than 75,000 members and supporters, PFLAG affiliates are in more than 425 communities nationwide.

We learn to support one another and learn from each other. Through publications and information, we educate ourselves about our loved ones' sexuality. Many of us then set out to inform and educate our communities, to make the world safer for gays, lesbians, bisexuals and transgendered people and their loved ones. We also educate lawmakers with the truth about sexual orientation and gender identity. By sharing our stories and mobilizing our voices, we help shape policies that secure equal rights for our loved ones.

Why should you join PFLAG? Find support at chapter meetings, add your voice to the national family movement, help other families accept their loved ones, foster acceptance within diverse cultures, fight inequality in the workplace, boost people's self-esteem, march with PFLAG in pride celebrations and create a society that is healthy and respectful of human diversity.

Our priorities include making schools safer for all students, preventing hate crimes and harassment, securing legal protection for gay, lesbian, bisexual and transgendered people, providing support through local chapters. We support local Gay Straight Alliances at local high schools, the National Day of Silence project, National Coming Out Day, and Fairbanks PrideFest.

You can help PFLAG as well. Please take a minute to complete and return the enclosed membership application, along with your membership dues and whatever additional contribution you can afford. Stand with thousands of other families nationwide working to make the world a safer place.
